

ANTI-RAGGING CELL

Annual Report: 2021-2022

In the academic year 2021-2022, the institution took proactive steps to address and prevent ragging incidents. Two crucial meetings were held, focusing on the formation of an Anti-Ragging Wing, provision of orientation and counseling to senior students, and addressing a specific ragging case through the establishment of an enquiry committee and evidence collection. These initiatives aimed to foster a safe and inclusive environment conducive to learning and personal development.

Approval for the Student Anti-Ragging Wing was granted on November 16, 2021 during the first committee meeting, with measures put in place to prevent ragging incidents involving first-year students. Decided to provide orientation classes and counselling to senior students. A discussion on the ragging incident occurred on 03/12/21 was done during the second meeting on November 6, 2021 and Constituted an enquiry committee to investigate the incident. All members are instructed to collect evidence such as video clips, paper cuttings, etc.
